Notes on the module overview

Context Modules

- A total of 12 ECTS must be completed in the context area, of which 6 ECTS must be in foreign languages.
- Context Modules can be chosen starting from the 2nd semester (PT) or 3rd semester (FT) and the offer includes modules with 3 ECTS each in the areas of foreign languages and general education.
- Students who go abroad in semester 3/4 for a Study Abroad Semester in Spanish speaking countries can take Spanish from semester 2.

Work Experience Modules (for part-time students only)

Students who work at least 50 % in the commercial sector alongside their studies can have up to 3 × 6 ECTS credited towards their degree programme in the following modules:

- 6 ECTS Industry Project
- 6 ECTS Specialisation Module
- 6 ECTS Context Modules

To complete a Work Experience Module students must submit:

- a confirmation of employment
- a written report covering an assignment on a specific topic

Specialisation Modules

The chosen specialisation is reflected on the diploma. It comprises 24 ECTS and consists of four Specialisation Modules.

These must be taken from the module catalogue of the respective specialisation. Two further Specialisation Modules are freely selectable.

This allows students to put together an individualised study portfolio according to their interests and career aspirations.

International Experience

Students must complete a minimum of 24 ECTS of International Experience. Details will be provided separately.
