

## MBA Study Trip Switzerland

23 to 28 June 2024

Switzerland boasts a thriving business ecosystem and a robust economy characterized by stability, innovation and competitiveness. The country is renowned for its global role in industries like pharmaceutical, biotechnology, precision engineering and banking. The economy is diversified well across agricultural, industry and service sectors including tourism.

Political stability fosters an environment conducive to investment and growth. A reliable and transparent legal system, low corporate taxes and an efficient infrastructure further add to the country's attractiveness at the world stage.

Beyond the business world, Switzerland is famous for its beautiful landscapes including some of the highest mountain peaks in the Alps. The country regularly takes top places in rankings on quality of life, healthcare and education systems as well as environmental standards.
