

# Master of Science in Life Sciences FHNW

## Info Event: Tuesday, March 19th 2024

### Programme

The event takes place at Campus Muttenz, Hofackerstrasse 30, Room 02.N.21

17:00 Welcome and Introduction HLS Falko Schlottig

17:10 The MSc in Life Sciences FHNW Georg Lipps

17:40 Individual Programme for each Specialisation:

• Analytical Chemistry	Stefan Gaugler
• Applied Cell Biology	Laura Suter-Dick
• Biotechnology	Thomas Villiger
• Bioanalytics	Georg Lipps
• Chemical Engineering	Wolfgang Riedl
• Data Science	Abdullah Kahraman
• Environmental Technologies	Armin Zenker
• Organic and Supramolecular Chemistry	Patrick Shahgaldian
• Pharmatechnology	Georgios Imanidis

Structure of the Individual Programme

17:40 – 18:00 Module Offer in the Specialisation, Important Qualification for Job Market

18:00 – 18:30 Report of a former student now working in the industry

18:30 – 19:00 Lab Visit

19:00: Apero and opportunity to talk to students, lecturers and industry representatives (12<sup>th</sup> floor - Lounge)

Specialisations	former Student	Room
Analytical Chemistry	Yannick Fischer	12.O.01
Applied Cell Biology	Serena Rudy	02.S.01
Bioanalytics	Stefanie Schürch	02.N.21
Biotechnology	Philipp Giller	07.M.12
Chemical Engineering	tbd	03.N.15
Data Science	New Specialisation	12.S.09
Environmental Technologies	Karin Dreyer	08.M.06
Organic and Supramolecular Chemistry	Yannick Stenzhorn	08.M.02
Pharmatechnology	Stefanie Medrano	02.N.05
