Your placement in an English school

You will be placed within an English state or independent school for your two weeks' teaching experience where you will follow the routine of a school class. Depending on the situation in this class, your teaching involvement will be with individuals and small groups.

Through this immersion into English school life you will gain an insight into both English primary or secondary school methodology and authentic teaching materials. At the same time, you will acquire greater confidence in using English in your professional context.

In the first week of your visit, Clarice Wallis will prepare you for this internship and provide you with important information about the English education system. Once in your school, Clarice will meet you weekly to ensure that the experience is rewarding and beneficial.

Accommodation for the three weeks

You will stay with an English family who will provide you with bed, breakfast, a daily packed lunch and evening meal, as well as welcoming conversation and a general interest in your well-being.

Your first week with the English staff

You will organise your own travel and should arrive in Eastbourne by Sunday afternoon. From Gatwick Airport there is a direct train connection to Eastbourne from where you can take a taxi to your host family. You will meet Clarice on Monday morning. She and your host family will provide you with useful information on your stay in Eastbourne.
