² Further charges shall be paid for the following:
Examination fee (payable to Edinburgh Business School) per core course.

Part III: Performance and Performance Assessment

§ 7

Performance

¹ The European Credit Transfer and Accumulation System (ECTS) is used for the executive education programs. One ECTS credit corresponds to an average work output of 25-30 hours (e.g., attendance at events, guided and individual self-study, efforts related to the performance record, project work, implementation projects, practice-oriented projects, theses). ECTS credits are issued once the program requirements, respectively the module requirements, are fulfilled. No credits are issued for insufficient performance.

² In accordance with the Program Description, performance records are produced by participants either individually or in groups in the form of written exams, presentations, assignments, reports, or student work.

³ Exemption from core courses may be granted on the basis of prior academic qualifications attained by examination. Edinburgh Business School possesses the sole authority on this matter. There is no provision for exemptions from elective courses or the FHNW master thesis.

¹ The MBA thesis is a special performance record that is generally produced at the end of the program. The thesis gives participants the opportunity to show that they are able to deal with the contents of the program in an independent, competent, understandable, academically oriented, and practical way and that they are able to present this information in a suitable manner.

² Goal of the MBA thesis:

In the MBA thesis, participants must academically reflect on and theoretically and practically solve a problem derived from one of the themes dealt with in the program within a defined time period (generally 6 months). Consequently, the task consists of a conceptual/theoretical part and an empirically practical part. In writing the thesis, participants demonstrate that they can independently do the following work on their own:

- Present a problem/question they are dealing with, which can create a demonstrable (practical) use, to a defined target audience.
- Use (theoretical) concepts, approaches, methods, and instruments conveyed in the program to deal with a practice-oriented question.
- Derive, present, and apply a suitable, agreed-upon method for an empirical study of the question concerned.
- Plan and implement the MBA thesis within the scope of 15 ECTS credits (including a research skills seminar).
- Clearly and comprehensibly argue their proposed solution in the written work of 15,000 - 20,000 words/200,000 characters (including spaces but excluding the bibliography and appendices), and perform in a convincing and (socially) competent way during the final oral exam.

³ The following process is applied for the performance record “MBA Thesis”:

Delivery of the Performance Record:

Assessment of the Performance Record:

1. Drafting of the **project outline** according to the following content structure: 1. Working Title and Subject Area/Problem, 2. Key Question, 3. Preliminary (Performance) Targets, 4. Uses

Approval by an academically qualified supervisor and program management ¹

2. Drafting of the **proposal** according to the following content structure: 1. Title/Subject Area/Key Question, 2. Uses, 3. Embedding in the Literature/Research Landscape, 4. Methodical Approach, 5. Used Literature, 6. Project Planning

Approval by an academically qualified supervisor and program management¹

3. Drafting the **Thesis**

Discussion of the interim results with the supervisor.

4. Submission of the written work (electronic format)

Evaluation by the supervisor

¹ Program management can ask an internal employee of the FHNW School of Business with the necessary academic qualifications to look after this task.

5. Final academic meeting/ defence

with the supervisor and program management

Final assessment by the supervisor and program management¹

⁴ When submitting the MBA thesis, participants must provide written assurance by means of a sworn declaration, either at the beginning of the work, that they:

- wrote the text independently and only with specified sources, resources, and assistance.
- and
- did not plagiarize (i.e., quotes are readily recognizable).

⁵ Grading of the thesis is documented and recorded by means of an evaluation grid of the FHNW School of Business for MBA theses and a written report by the faculty. For theses with a grade of 3 or less, a revision of the graded paper is not allowed. For theses with a grade of 3.5, a revision of the paper is possible, although the revised thesis cannot be awarded a grade higher than 4.

§ 9

Performance Assessment

¹ The performance assessment is done according to the Program Description with either a six-point scale or a two-point scale.

² Both whole grades and half grades can be given when using the six-point scale. Quarter grades (.25 or .75) are rounded.

³ The significance of the grades in the six-point scale is defined as follows:

- 6 excellent
- 5.5 very good
- 5 good
- 4.5 satisfactory
- 4 sufficient
- 3 insufficient
- 2 poor
- 1 very poor

⁴ The two-point scale consists of the levels “pass” and “fail.”

⁵ Performance records that are either not successfully completed or not started can generally be retaken/redone once in a subsequent program within two years. If a performance record is retaken/redone, the associated costs are assumed by the participant. The program manager can decide whether to grant exceptions.

⁶ Following completion of each module, participants receive an updated written summary (track record) of the completed modules as well as of the performance records produced, which includes any evaluations thereby obtained and ECTS credits earned.

Part IV: Graduation from the Program

§ 10 Diplomas

¹ The program has been successfully completed when:

- All required deliverables and performance records set out in the Program Description have been performed.
- The participant has attended at least 80% of all courses.

Exceptions can be granted by the program manager on the basis of a written, well-founded request.

- A diploma supplement that provides information about the program profile, the grading system, and the university.
- A cumulative transcript of records (TOR) that includes which modules were passed and the performance assessments associated with them, as well as the subject of the MBA thesis.

⁴ If degrees, diplomas, and certificates are acquired in an improper way, the Director of the FHNW School of Business can revoke them.

§ 11 Premature or Exceptional Termination of Program Participation

¹ Participation in an executive education program can be terminated prematurely via cancellation of the participant or exceptionally via disqualification.

² Disqualification takes place when successful completion of the program is no longer possible due to the failure to pass a retaken/redone performance record or to fulfill additional requirements according to the Program Regulations and Program Description. It can also occur by decree of the program manager in the case of serious breaches of obligation.

³ Serious breaches of obligation notably include:

- Failure to pay the participant fees.
- Violation of copyright law, in particular engaging in plagiarism.
- Use of dishonest resources during exams.
- Violation of confidentiality.

⁴ If participation in an executive education program is canceled prematurely or exceptionally, a confirmation of participation, or of which modules were attended and which performance assessments were achieved, can be issued.

- The program manager can issue a written reprimand.
- The program manager can either temporarily or permanently suspend the participant from the program.

² Decisive factors for determining the type and duration of disciplinary measure include, on one hand, the quantitative or qualitative significance of the breach of obligation and, on the other hand, the culpability, motives, and conduct of the participant.

Part VI: Administration of Justice

§ 15 Decrees

¹ Program managers can issue the following decrees:

- Track records according to § 9 para. 6.
- Disqualification of a participant from the executive education program according to § 11 para. 2 if successful completion of the program is no longer possible.

Withdrawal of a diploma/certificate according to § 10 para. 4.

§ 16 Objection Procedure

¹ According to § 15 para. 1, a written, well-founded objection to a decree must be submitted to the Director within 14 days after notification of the decree.

FHNW Beschwerdekommision
Klosterzelgstrasse 2
5210 Windisch

³ The objection must include a clearly defined demand and the signature of the person raising the objection or that of his/her representative. A copy of the contested decree must accompany the objection.

⁴ An evaluation of the performance assessments within the framework of the complaints procedure takes into consideration abuse and capriciousness.

⁵ The complaints procedure is subject to fees. The law that governs the management of the administration of justice of the Canton of Aargau is the decisive factor in this regard.

Part VII: Transitional and Final Provisions

§ 18 ¹ These regulations will enter into force on 1 January 2023.

² For executive education programs that were implemented before these regulations entered into force, the prior provisions apply.
