# Swiss and African Payment Systems and Cybersecurity for Swiss Business Trainers

## (SwissAfricaPayCyber)

**A Training Programme**

Franka Ebob Enow Ebai
**Operational Project Lead**

Prof. Dr. Petra Asprion
**Strategic Project Lead**

# Project Overview

## The project

- **Focus:** Digital payment systems literacy & cybersecurity
- **Regional Contexts**: Switzerland & South Africa
- **Period:** Feb 2026 – Feb 2028
- **Sponsor:** Movetia

## The training

- **Format:** Train-the-Trainer programme
- **Target group:**
  - Trainers in business programmes & internationalisation programmes
  - Entrepreneurs

# Our Offering (1/2)

## Planned topics (under development)

1. Cybersecurity
2. Digital Payments
3. Cybersecurity Regulation and Payment System Security in South Africa
4. Cybersecurity Regulation and Payment System Security in Switzerland
5. In the Room with Experts (Panel Discussion)
6. From Comparison to Choice: What SMEs Should Adopt, Adapt, or Avoid in South Africa and Switzerland
7. Coaching Sessions

## Training details

- **Planned start:** Mid-January 2027
- **Session duration:** 4 hours (online)

## Deliverables at the end of the training

- Training course content provided to trainers
- Integration of the training content into trainers' curriculum

# Our Offering (2/2)

## Foundations

**1. Cybersecurity**

Cybersecurity foundations for SMEs: cyber risks, common threats, regional cybersecurity contexts, risk management, resilience, and regulatory compliance.

**2. Digital Payments**

Overview of digital payment systems: their foundations, evolution, technologies, and key cybersecurity challenges.

## Country focus

**3. Cybersecurity Regulation and Payment System Security in South Africa**

Overview of the South African payment ecosystem: payment methods, SME challenges, security risks, and the regulatory framework governing payment systems.

**4. Cybersecurity Regulation and Payment System Security in Switzerland**

Overview of the Swiss payment ecosystem: payment systems, security risks, cyberattacks, and the regulatory and legal frameworks governing financial institutions and payment systems.

## Practice & exchange

**5. In the Room with Experts (Panel Discussion)**

Industry experts share insights and practical perspectives on cybersecurity and digital payment systems; participants can ask questions and discuss real-world challenges.

**6. From Comparison to Choice**

Compares key topics across Switzerland and South Africa, highlighting what SMEs should adopt, adapt, or avoid.

**7. Coaching Sessions**
